SEMI-ANNUAL REPORT May 31, 2019

Beginning on January 1, 2021, as permitted by regulations adopted by the Securities and Exchange Commission, paper copies of the Funds' shareholder reports like this one will no longer be sent by mail, unless you specifically request paper copies of the reports from the Funds, if you hold your shares directly with the Funds, or from your financial intermediary, such as a broker-dealer or bank, if you hold your shares through a financial intermediary. Instead, the reports will be made available on a website, and you will be notified by mail each time a report is posted and provided with a website link to access the report.

If you already elected to receive shareholder reports electronically, you will not be affected by this change and you need not take any action. If you hold your shares directly with the Funds, you may elect to receive shareholder reports and other communications from the Funds electronically by contacting the Funds at (855) 955-9552 or, if you hold your shares through a financial intermediary, contacting your financial intermediary.

You may elect to receive all future reports in paper free of charge. If you hold your shares directly with the Funds, you can inform the Funds that you wish to continue receiving paper copies of your shareholder reports at (855) 955-9552 or, if you hold your shares through a financial intermediary, contacting your financial intermediary. Your election to receive reports in paper will apply to all of the Investment Managers Series Trust II's Funds you hold directly or through your financial intermediary, as applicable.

Note 1 – Organization

ACR Multi-Strategy Quality Return (MQR) Fund and ACR International Quality Return (IQR) Fund (each a "Fund" and collectively the "Funds") are organized as a diversified series and a non-diversified series, respectively, of Investment Managers Series Trust II, a Delaware statutory trust (the "Trust") which is registered as an open-end management investment company under the Investment Company Act of 1940, as amended (the "1940 Act").

The ACR Multi-Strategy Quality Return (MQR) Fund seeks to preserve capital from permanent loss during periods of economic decline, and to provide above average absolute and relative returns in the long run. The Fund commenced investment operations on December 31, 2014, with two classes of shares, Class A and Class I.

The ACR International Quality Return (IQR) Fund seeks to protect capital from permanent impairment while providing a return above both the Fund's cost of capital and above the Fund's benchmark over a full market cycle. The Fund commenced investment operations on December 30, 2016, with two classes of shares, Class A and Class I.

The shares of each class represent an interest in the same portfolio of investments of the Funds and have equal rights as to voting, redemptions, dividends and liquidation, subject to the approval of the Trustees. Income, expenses (other than expenses attributable to a specific class) and realized and unrealized gains and losses on investments are allocated to each class of shares in proportion to their relative shares outstanding. Shareholders of a class that bears distribution and service expenses under the terms of a distribution plan have exclusive voting rights to that distribution plan.

Each Fund is an investment company and accordingly follows the investment company accounting and reporting guidance of the Financial Accounting Standards Board (FASB) Accounting Standard Codification Topic 946 "Financial Services—Investment Companies."

Note 2 - Accounting Policies

The following is a summary of the significant accounting policies consistently followed by the Funds in the preparation of their financial statements. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from these estimates.

(a) Valuation of Investments

The Funds value equity securities at the last reported sale price on the principal exchange or in the principal over the counter ("OTC") market in which such securities are traded, as of the close of regular trading on the NYSE on the day the securities are being valued or, if the last-quoted sales price is not readily available, the securities will be valued at the last bid or the mean between the last available bid and ask price. Securities traded on the NASDAQ are valued at the NASDAQ Official Closing Price ("NOCP"). Investments in open-end investment companies are valued at the daily closing net asset value of the respective investment company. Options are valued at the mean between the last available bid and asked prices used. Debt securities are valued by utilizing a price supplied by independent pricing service providers. The independent pricing service providers may use various valuation methodologies including matrix pricing and other analytical pricing models as well as market transactions and dealer quotations. These models generally consider such factors as yields or prices of bonds of comparable quality, type of issue, coupon, maturity, ratings and general market conditions. If a price is not readily available for a portfolio security, the security will be valued at fair value (the amount which the Funds might reasonably expect to receive for the security upon its current sale) as determined in good faith by the Funds' advisor, subject to review and approval by the Valuation Committee, pursuant to procedures adopted by the Board of Trustees. The

actions of the Valuation Committee are subsequently reviewed by the Board at its next regularly scheduled board meeting. The Valuation Committee meets as needed. The Valuation Committee is comprised of all the Trustees, but action may be taken by any one of the Trustees.

(b) Short Sales

Short sales are transactions under which the Funds sell a security it does not own in anticipation of a decline in the value of that security. To complete such a transaction, the Funds must borrow the security to make delivery to the buyer. The Funds then are obligated to replace the security borrowed by purchasing the security at market price at the time of replacement. The price at such time may be more or less than the price at which the security was sold by the Funds. When a security is sold short a decrease in the value of the security will be recognized as a gain and an increase in the value of the security will be recognized as a loss, which is potentially limitless. Until the security is replaced, the Funds are required to pay the lender amounts equal to dividend or interest that accrue during the period of the loan which is recorded as an expense. To borrow the security, the Funds also may be required to pay a premium or an interest fee, which are recorded as interest expense. Cash or securities are segregated for the broker to meet the necessary margin requirements. The Funds are subject to the risk that it may not always be able to close out a short position at a particular time or at an acceptable price.

(c) Options

The Funds may write or purchase options contracts primarily to enhance the Funds' returns or reduce volatility. In addition, the Funds may utilize options in an attempt to generate gains from option premiums or to reduce overall portfolio risk. When a Fund writes or purchases an option, an amount equal to the premium received or paid by a Fund is recorded as a liability or an asset and is subsequently adjusted to the current market value of the option written or purchased. Premiums received or paid from writing or purchasing options which expire unexercised are treated by a Fund on the expiration date as realized gains or losses. The difference between the premium and the amount paid or received on effecting a closing purchase or sale transaction, including brokerage commissions, is also treated as a realized gain or loss. If an option is exercised, the premium paid or received is added to the cost of the purchase or proceeds from the sale in determining whether a Fund has realized a gain or a loss on investment transactions. A Fund, as a writer of an option, may have no control over whether the underlying securities may be sold (call) or purchased (put) and as a result bears the market risk of an unfavorable change in the price of the security underlying the written option.

(d) Investment Transactions, Investment Income and Expenses

Investment transactions are accounted for on the trade date. Realized gains and losses on investments are determined on the identified cost basis. Dividend income is recorded net of applicable withholding taxes on the exdividend date and interest income is recorded on an accrual basis. Withholding taxes on foreign dividends, if applicable, are paid (a portion of which may be reclaimable) or provided for in accordance with the applicable country's tax rules and rates and are disclosed in the Statement of Operations. Withholding tax reclaims are filed in certain countries to recover a portion of the amounts previously withheld. The Funds record a reclaim receivable based on a number of factors, including a jurisdiction's legal obligation to pay reclaims as well as payment history and market convention. Discounts or premiums on debt securities are accreted or amortized to interest income over the lives of the respective securities using the effective interest method. Income and expenses of the Funds are allocated on a pro rata basis to each class of shares, except for distribution and service fees which are unique to each class of shares. Expenses incurred by the Trust with respect to more than one Fund are allocated in proportion to the net assets of each Fund except where allocation of direct expenses to each Fund or an alternative allocation method can be more appropriately made.

While not significant to the total portfolio, the ACR Multi-Strategy Quality Return (MQR) Fund holds preferred equity instruments in its investment portfolio that contain payment-in-kind ("PIK") interest. The PIK interest,

computed at the contractual rate specified in each debt agreement, is periodically added to the principal balance of the debt and is recorded as interest income. Thus, the actual collection of this interest may be deferred until the time of debt principal repayment. These non-cash sources of income may need to be paid out to stockholders in the form of distributions, even though the Fund may not have collected the PIK interest in cash. The Fund will stop accruing PIK interest and will write off any accrued and uncollected interest when it is determined that such PIK interest is no longer collectible.

(e) Federal Income Taxes

Each Fund intends to comply with the requirements of Subchapter M of the Internal Revenue Code applicable to regulated investment companies and to distribute substantially all of its net investment income and any net realized gains to its shareholders. Therefore, no provision is made for federal income or excise taxes. Due to the timing of dividend distributions and the differences in accounting for income and realized gains and losses for financial statement and federal income tax purposes, the fiscal year in which amounts are distributed may differ from the year in which the income and realized gains and losses are recorded by the Funds.

Accounting for Uncertainty in Income Taxes (the "Income Tax Statement") requires an evaluation of tax positions taken (or expected to be taken) in the course of preparing a Fund's tax returns to determine whether these positions meet a "more-likely-than-not" standard that, based on the technical merits, have a more than fifty percent likelihood of being sustained by a taxing authority upon examination. A tax position that meets the "more-likely-than-not" recognition threshold is measured to determine the amount of benefit to recognize in the financial statements. The Funds recognize interest and penalties, if any, related to unrecognized tax benefits as income tax expense in the Statements of Operations.

The Income Tax Statement requires management of the Funds to analyze tax positions taken in the prior three open tax years, if any, and tax positions expected to be taken in the Funds' current tax year, as defined by the IRS statute of limitations for all major jurisdictions, including federal tax authorities and certain state tax authorities. As of May 31, 2019 and during the prior three tax years, the Funds did not have a liability for any unrecognized tax benefits. The Funds have no examination in progress and are not aware of any tax positions for which it is reasonably possible that the total amounts of unrecognized tax benefits will significantly change in the next twelve months.

(f) Distributions to Shareholders

The Funds will make distributions of net investment income and capital gains, if any, at least annually. Distributions to shareholders are recorded on the ex-dividend date. The amount and timing of distributions are determined in accordance with federal income tax regulations, which may differ from GAAP.

The character of distributions made during the year from net investment income or net realized gains may differ from the characterization for federal income tax purposes due to differences in the recognition of income expense and gain (loss) items for financial statement and tax purposes.

(g) Use of Estimates

The presentation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

Note 3 - Investment Advisory and Other Agreements

The Trust, on behalf of the Funds, entered into an Investment Advisory Agreement (the "Agreement") with ACR Alpine Capital Research, LLC (the "Advisor"). Under the terms of the Agreement, the Funds pay a monthly investment advisory fee to the Advisor. The annual rates are listed by Fund in the table below. The Advisor has contractually agreed to waive its fee and/or pay for operating expenses (excluding any taxes, leverage interest, acquired fund fees and expenses (as determined in accordance with Form N-1A), dividend and interest expense on short sales, brokerage commissions, expenses incurred in connection with any merger or reorganization and extraordinary expenses such as litigation expenses) in order to limit total annual operating expenses of each fund. This agreement is in effect until March 31, 2020 for the Funds, and it may be terminated before that date only by the Trust's Board of Trustees. The table below contains the expense cap by Fund and by Class.

| | | Total Limit on Annual | Total Limit on Annual | |
|--|---------------|-----------------------|-----------------------|--|
| | Investment | Operating Expenses | Operating Expenses | |
| | Advisory Fees | Class A Shares† | Class I Shares† | |
| ACR Multi-Strategy Quality Return (MQR) Fund | 1.00% | 1.40% | 1.25% | |
| ACR International Quality Return (IQR) Fund | 1.00% | 1.40% | 1.25% | |

[†]The total limit on annual operating expenses is calculated based on each Fund's average daily net assets.

For the six months ended May 31, 2019, the Advisor waived a portion of its fees and absorbed other expenses totaling \$128,047 for the ACR Multi-Strategy Quality Return (MQR) Fund and \$97,316 for the ACR International Quality Return (IQR) Fund, respectively. Each Fund's advisor is permitted to seek reimbursement from the Fund, subject to certain limitations, of fees waived or payments made to the Fund for a period ending three full fiscal years after the date of the waiver or payment. This reimbursement may be requested from the Fund if the reimbursement will not cause the Fund's annual expense ratio to exceed the lesser of (a) the expense limitation amount in effect at the time such fees were waived or payments made, or (b) the expense limitation amount in effect at the time of the reimbursement. At May 31, 2019, the amount of these potentially recoverable expenses was \$963,604 and \$601,966, respectively. The Advisor may recapture all or a portion of this amount no later than November 30 of the years stated below:

| | CR Multi-Strategy ality Return (MQR) | ACR International Quality Return (IQR) | | | | | |
|-------|---|--|--|--|--|--|--|
| | Fund | Fund | | | | | |
| 2019 | \$ 257,928 | \$ - | | | | | |
| 2020 | 282,256 | 262,396 | | | | | |
| 2021 | 295,373 | 242,254 | | | | | |
| 2022 | 128,047 | 97,316 | | | | | |
| Total | \$ 963,604 | \$ 601,966 | | | | | |

UMB Fund Services, Inc. ("UMBFS") serves as the Funds' fund accountant, transfer agent and co-administrator; and Mutual Fund Administration, LLC ("MFAC") serves as the Funds' other co-administrator. UMB Bank, n.a., an affiliate of UMBFS, serves as the Funds' custodian. The Funds' allocated fees incurred for fund accounting, fund administration, transfer agency and custody services for the six months ended May 31, 2019, are reported on the Statement of Operations.

IMST Distributors, LLC serves as the Funds' distributor (the "Distributor"). The Distributor does not receive compensation from the Funds for its distribution services; the Advisor pays the Distributor a fee for its distribution-related services.

Certain trustees and officers of the Trust are employees of UMBFS or MFAC. The Fund does not compensate trustees and officers affiliated with the Funds' co-administrators. For the six months ended May 31, 2019, the Funds' allocated fees incurred to Trustees who are not affiliated with the Funds' co-administrators are reported on the Statement of Operations. A portion of the fees were paid by the Trust's Co-Administrators. Such amount is shown as a reduction of expenses, "Fees paid indirectly", on the Statement of Operations.

The Funds' Board of Trustees has adopted a Deferred Compensation Plan (the "Plan") for the Independent Trustees that enables Trustees to elect to receive payment in cash or the option to select various fund(s) in the Trust in which their deferred accounts shall be deemed to be invested. If a trustee elects to defer payment, the Plan provides for the creation of a deferred payment account. The Funds' liability for these amounts is adjusted for market value changes in the invested fund(s) and remains a liability to the Funds until distributed in accordance with the Plan. The Trustees Deferred compensation liability under the Plan constitutes a general unsecured obligation of each Fund and is disclosed in the Statement of Assets and Liabilities. Contributions made under the plan and the change in unrealized appreciation/depreciation and income are included in the Trustees' fees and expenses in the Statement of Operations.

Dziura Compliance Consulting, LLC provides Chief Compliance Officer ("CCO") services to the Trust. The Funds' allocated fees incurred for CCO services for the six months ended May 31, 2019, are reported on the Statements of Operations.

During the year ended November 30, 2018, the Advisor reimbursed the ACR Multi-Strategy Quality Return (MQR) Fund and the ACR International Quality Return (IQR) Fund \$3,826 and \$1,010, respectively, for errors during processing. These amounts are reported on the Fund's Statements of Changes in Net Assets under the caption "Reimbursement by affiliate." These reimbursements had no impact on the Fund's performance.

Note 4 - Federal Income Taxes

At May 31, 2019, the cost of securities and the proceeds from securities sold short, on a tax basis and gross unrealized appreciation and depreciation of investments and securities sold short for federal income tax purposes were as follows:

| | A | CR Multi-Strategy Quality Return (MQR) Fund | A | CR International Quality Return (IQR) Fund |
|--|----|--|----|---|
| Cost of investments | \$ | 77,513,413 | \$ | 21,480,605 |
| Gross unrealized appreciation Gross unrealized depreciation | \$ | 3,324,873 (14,891,637) | \$ | 587,612 (1,581,173) |
| Net unrealized depreciation on investments and securities sold short | \$ | (11,566,764) | \$ | (993,561) |

The difference between cost amounts for financial statement and federal income tax purposes is due primarily to timing differences in recognizing certain gains and losses in security transactions.

As of November 30, 2018, the components of accumulated earnings (deficit) on a tax basis were as follows:

| | ACR Multi-Strategy Quality Return (MQR) Fund | | |
|---|--|--------------|-------------|
| Undistributed ordinary income | \$ | 2,869,500 \$ | 122,442 |
| Undistributed long-term capital gains | | 2,654,162 | 183,039 |
| Accumulated earnings | | 5,523,662 | 305,481 |
| Accumulated capital and other losses Unrealized appreciation (depreciation) on | | - | - |
| investments and securities sold short Unrealized appreciation (depreciation) on | | 1,530,444 | (1,561,439) |
| foreign currency translations | | 22 | (93) |
| Total accumulated earnings (deficit) | \$ | 7,054,128 \$ | (1,256,051) |

The tax character of distributions paid during the periods ended November 30, 2018 and November 30, 2017, respectively, was as follows:

| | ACR | ٠. | Quali ınd | ty Return (MQR) | ACR International Quality Retu (IQR) Fund | | | | |
|-----------------------------|------|-----------|--------------|-----------------|--|---------|----|------|--|
| Distribution paid from: | 2018 | | | 2017 | | 2018 | | 2017 | |
| Ordinary income | \$ | 76,703 | \$ | 552,017 | \$ | 136,053 | \$ | - | |
| Net long-term capital gains | | 1,158,884 | | 254,224 | | - | | - | |
| Total taxable distributions | \$ | 1,235,587 | \$ | 806,241 | \$ | 136,053 | \$ | | |

Note 5 - Redemption Fee

The Funds may impose a redemption fee of 2.00% of the total redemption amount on all shares redeemed within 90 days of purchase. For the six months ended May 31, 2019 and the year ended November 30, 2018, respectively, the ACR Multi-Strategy Quality Return (MQR) Fund received \$2,791 and \$9,057 in redemption fees, and the ACR International Quality Return (IQR) Fund received \$1,007 and \$162 in redemption fees.

Note 6 – Investment Transactions

For the six months ended May 31, 2019, purchases and sales of investments, excluding short-term investments, were as follows:

| | Purchases | | | Sales |
|--|-----------|------------|----|------------|
| ACR Multi-Strategy Quality Return (MQR) Fund | \$ | 12,468,366 | \$ | 29,649,069 |
| ACR International Quality Return (IQR) Fund | | 5,797,131 | | 3,116,743 |

Note 7 – Distribution Plan

The Trust, on behalf of the Funds, has adopted a Distribution Plan (the "Plan") pursuant to Rule 12b-1 under the 1940 Act that allows the Funds to pay distribution fees for the sale and distribution of its shares. With respect to Class A shares, the Plan provides for the payment of distribution fees at the annual rate of up to 0.25% of average daily net assets. Class I shares do not pay any distribution fees.

For the six months ended May 31, 2019, distribution fees incurred are disclosed on the Statements of Operations.

Note 8 – Shareholder Servicing Plan

The Trust, on behalf of the Funds, has adopted a Shareholder Servicing Plan to pay a fee at an annual rate of up to 0.05% of average daily net assets of Class I shares serviced by shareholder servicing agents who provide administrative and support services to their customers.

For the six months ended May 31, 2019, shareholder servicing fees incurred are disclosed on the Statements of Operations.

Note 9 – Indemnifications

In the normal course of business, the Funds enter into contracts that contain a variety of representations which provide general indemnifications. The Funds' maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Funds that have not yet occurred. However, the Funds expect the risk of loss to be remote.

Note 10 - Fair Value Measurements and Disclosure

Fair Value Measurements and Disclosures defines fair value, establishes a framework for measuring fair value in accordance with GAAP, and expands disclosure about fair value measurements. It also provides guidance on determining when there has been a significant decrease in the volume and level of activity for an asset or a liability, when a transaction is not orderly, and how that information must be incorporated into a fair value measurement.

Under Fair Value Measurements and Disclosures, various inputs are used in determining the value of the Funds' investments. These inputs are summarized into three broad Levels as described below:

- Level 1 Unadjusted quoted prices in active markets for identical assets or liabilities that the Funds have the ability to access.
- Level 2 Observable inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These inputs may include quoted prices for the identical instrument on an inactive market, prices for similar instruments, interest rates, prepayment speeds, credit risk, yield curves, default rates and similar data.
- Level 3 Unobservable inputs for the asset or liability, to the extent relevant observable inputs are not available, representing the Funds' own assumptions about the assumptions a market participant would use in valuing the asset or liability, and would be based on the best information available.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including for example, the type of security, whether the security is new and not yet established in the marketplace, the liquidity of markets, and other characteristics particular to the security. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in Level 3.

The inputs to measure fair value may fall into different Levels of the fair value hierarchy. In such cases, for disclosure purposes, the Level in the fair value hierarchy within which the fair value measurement falls in its entirety, is determined based on the lowest Level input that is significant to the fair value measurement in its entirety.

The inputs or methodology used for valuing securities are not an indication of the risk associated with investing in those securities. The following is a summary of the inputs used, as of May 31, 2019, in valuing the Funds' assets carried at fair value:

| ACR Multi-Strategy Return (MQR) Fund | | Level 1 | | Level 2 | | Level 3 | | Total | |
|--------------------------------------|----|------------|----|------------|----|-----------|----|------------|--|
| Assets | | | | | | | | | |

Note 11 – New Accounting Pronouncement

In August 2018, the SEC adopted regulations that eliminated or amended disclosure requirements that were redundant or outdated in light of changes in SEC requirements, GAAP, International Financial Reporting Standards, or changes in technology or the business environment. These regulations were effective November 5, 2018, and the Funds are complying with them effective with these financial statements.

In August 2018, FASB issued Accounting Standards Update No. 2018-13 ("ASU 2018-13"), "Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement," which amends the fair value measurement disclosure requirements of ASC Topic 820 ("ASC 820"), "Fair Value Measurement." ASU 2018-13 includes new, eliminated, and modified disclosure requirements for ASC 820. In addition, ASU 2018-13 clarifies that materiality is an appropriate consideration of entities when evaluating disclosure requirements. ASU 2018-13 is effective for all entities for fiscal years beginning after December 15, 2019, including interim periods therein. Early adoption is permitted, and the Funds have adopted ASU 2018-13 with these financial statements.

Note 12 - Events Subsequent to the Fiscal Period End

The Funds have adopted financial reporting rules regarding subsequent events which require an entity to recognize in the financial statements the effects of all subsequent events that provide additional evidence about

conditions that existed at the date of the balance sheet. Management has evaluated the Funds' related events and transactions that occurred through the date of issuance of the Funds' financial statements. There were no events or transactions that occurred during this period that materially impacted the amounts or disclosures in the Funds' financial statements.

ACR Funds EXPENSE EXAMPLES

For the Six Months Ended May 31, 2019 (Unaudited)

Expense Examples

As a shareholder of the Funds, you incur two types of costs: (1) transaction costs including sales charges (loads) on purchase payments on certain classes, and (2) ongoing costs, including management fees; distribution and/or service (12b-1) fees (Class A shares only) and other Fund expenses. The examples below are intended to help you understand your ongoing costs (in dollars) of investing in the Funds and to compare these costs with the ongoing costs of investing in other mutual funds.

These examples are based on an investment of \$1,000 invested at the beginning of the period and held for the entire period from December 1, 2018 to May 31, 2019.

Actual Expenses

The information in the row titled "Actual Performance" of the table below provides actual account values and actual expenses. You may use the information in these columns, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the appropriate row for your share class, under the column titled "Expenses Paid During Period" to estimate the expenses you paid on your account during this period.

Hypothetical Example for Comparison Purposes

The information in the row titled "Hypothetical (5% annual return before expenses)" of the table below provides hypothetical account values and hypothetical expenses based on the Fund's actual expense ratios and an assumed rate of return of 5% per year before expenses, which is not the Fund's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in the Fund and other funds. To do so, compare these 5% hypothetical examples with the 5% hypothetical examples that appear in the shareholder reports of the other funds.

Please note that the expenses shown in the table are meant to highlight your ongoing costs only and do not reflect any transaction costs, such as sales charges (loads) or redemption fees. Therefore, the information in the row titled "Hypothetical (5% annual return before expenses)" is useful in comparing ongoing costs only, and will not help you determine the relative total costs of owning different funds. In addition, if these transactional costs were included, your costs would have been higher.

| ACR Multi-Strategy Quality Return (MQR) Fund | | Beginning Account | | Ending Account | | Expenses Paid | |
|--|-------------------------|-------------------|----------|----------------|----------|-------------------|------|
| | | Value | | Value | | During Period* | |
| | | 12/1/18 | | 5/31/19 | | 12/1/18 – 5/31/19 | |
| Class A | Actual Performance | \$ 1,000.00 | | \$ 910.30 | | \$ | 7.16 |
| | Hypothetical (5% annual | | | | | | |
| | return before expenses) | | 1,000.00 | | 1,017.43 | | 7.57 |
| Class I | Actual Performance | | 1,000.00 | | 910.80 | | 6.13 |
| | Hypothetical (5% annual | | | | | | _ |
| | return before expenses) | | 1,000.00 | | 1,018.51 | | 6.48 |

^{*}Expenses are equal to the Fund's annualized expense ratios of 1.50% and 1.29% for the Class A and Class I shares, respectively, multiplied by the average account values over the period, multiplied by 182/365 for Class A shares and Class I shares. The expense ratios reflect an expense waiver. Assume all dividends and distributions were reinvested.

ACR Funds EXPENSE EXAMPLES – Continued For the Six Months Ended May 31, 2019 (Unaudited)

| ACR International Quality Return (IQR) Fund | | | ginning Account Value | Ending Account Value | | Expenses Paid During Period* | |

Privacy Principles of the ACR Funds for Shareholders

The Funds are committed to maintaining the privacy of their shareholders and to safeguarding their non-public personal information. The following information is provided to help you understand what personal information the Funds collect, how we protect that information and why, in certain cases, we may share information with select other parties.

Generally, the Funds do not receive any non-public personal information relating to their shareholders, although certain non-public personal information of their shareholders may become available to the Funds. The Funds do not disclose any non-public personal information about their shareholders or former shareholders to anyone, except as permitted by law or as is necessary in order to service shareholder accounts (for example, to a transfer agent or third party administrator).

This report is sent to shareholders of the ACR Funds for their information. It is not a Prospectus, circular or representation intended for use in the purchase or sale of shares of the Funds or of any securities mentioned in this report.

Proxy Voting Policies and Procedures

A description of the Funds' proxy voting policies and procedures related to portfolio securities is available without charge, upon request, by calling the Funds at (855) 955-9552 or on the U.S. Securities and Exchange Commission's ("SEC") website at www.sec.gov.

Proxy Voting Record

Information regarding how the Funds voted proxies for portfolio securities, if applicable, during the most recent 12-month period ended June 30, is also available, without charge and upon request by calling the Funds at (855) 955-9552 or by accessing the Funds' Form N-PX on the SEC's website at www.sec.gov.

Form N-Q Disclosure

The Funds file their complete schedule of portfolio holdings with the SEC for the first and third quarters of each fiscal year on Form N-Q. The Funds' Form N-Q is available on the SEC website at www.sec.gov or by calling the Funds at (855) 955-9552. The Funds' Form N-Q may also be viewed and copied at the SEC's Public Reference Room in Washington, DC. Information on the operation of the Public Reference Room may be obtained by calling (800) SEC-0330.

Householding

The Funds will mail only one copy of shareholder documents, including prospectuses, annual and semi-annual reports and proxy statements, to shareholders with multiple accounts at the same address. This practice is commonly called "householding" and is intended to reduce expenses and eliminate duplicate mailings of shareholder documents. Mailings of your shareholder documents may be householded indefinitely unless you instruct us otherwise. If you do not want the mailing of these documents to be combined with those for other members of your household, please call the Funds at (855) 955-9552.
